WELCOME MESSAGE

Esteemed Colleagues,

Welcome to the Comprehensive Cataract Conference, CCC 2025

We are delighted to host the 6th Biennial International Scientific Meeting of the International Society of Manual Small Incision Cataract Surgeons (ISMSICS) to be held in Delhi at the India Habitat Centre from 7-9 November 2025.

This significant gathering brings together leading ophthalmologists, cataract surgeons, researchers, and healthcare professionals from around the world to discuss and advance our collective efforts in cataract treatment and surgery. Cataract remains a leading cause of blindness globally, with millions affected by this condition, underscoring the vital importance of our work and the need for continuous innovation in sight-restoring procedures.

As we convene for this landmark event, we aim to share knowledge, explore cutting-edge techniques, and foster collaborations that will enhance patient outcomes and accessibility to quality eye care. Through live surgery, expert presentations, interactive sessions, and hands-on workshops, we will delve into the latest advancements in the field and other transformative approaches. Together, we strive to address the global burden of impaired vision and blindness due to cataract, advance the benchmarks to restore vision, and improve the quality of life for countless individuals worldwide.

Thank you for your dedication and commitment to this noble cause, and we look forward to an inspiring and productive interaction, forging collaborations and expanding horizons.

Apart from the scientific program, we promise an immersive experience in the historical, and vibrant cosmopolitan city of Delhi being the seat of government and home to a multicultural diverse population who are renowned for their fun-loving and friendly nature with a love for good food, entertainment and exquisite fashion sense.
